

Nash Flare Gas Recovery Compressors

When reviewing the total life cycle cost of a flare gas compressor system, the NASH liquid ring system provides more value and better reliability than any other technology, hands down.

Proven Technology - Built From Experience

For over 50 years, Gardner Denver Nash has been providing the most reliable compressors and vacuum pumps designed for refinery requirements. NASH is the industry standard for flare gas recovery, vent gas boosting, vapor recovery (vacuum) and crude tower ejector hybrid systems. Why are we successful? Because we make you successful by eliminating unscheduled down time.

Our liquid ring vacuum pumps and compressors are renowned for:

- rugged design construction - making them tolerant to carryover from process upsets
- low maintenance requirements - best up-time in the industry
- cool-running - making them ideal for handling the explosive gases found in refinery applications, with pressures up to 190 PSIA (13.1 bar)
- the largest and most experienced technical staff in the industry
- comprehensive value-added centers throughout the world.

If you need gas handling equipment for your refinery, Gardner Denver Nash's products and capabilities are simply unmatched.

Eliminate your flares by using NASH flare gas recovery

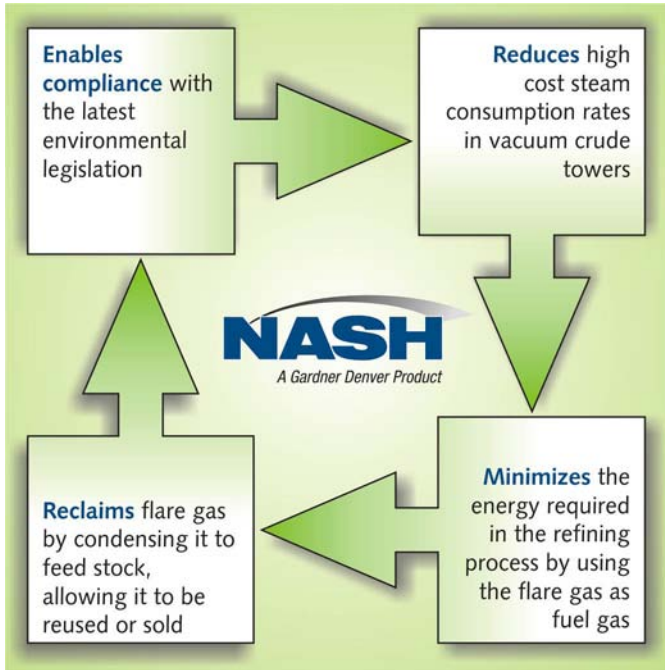

**NASH GARO
Compressor Package**

Flare Gas Recovery Compressors

Gardner Denver Nash is committed to helping you meet the stringent environmental legislation which prohibits the flaring of waste gas. Our HP and NAB compressors are the ideal choice for recovering fuel gas and condensing valuable hydrocarbons, making more money for the refinery.

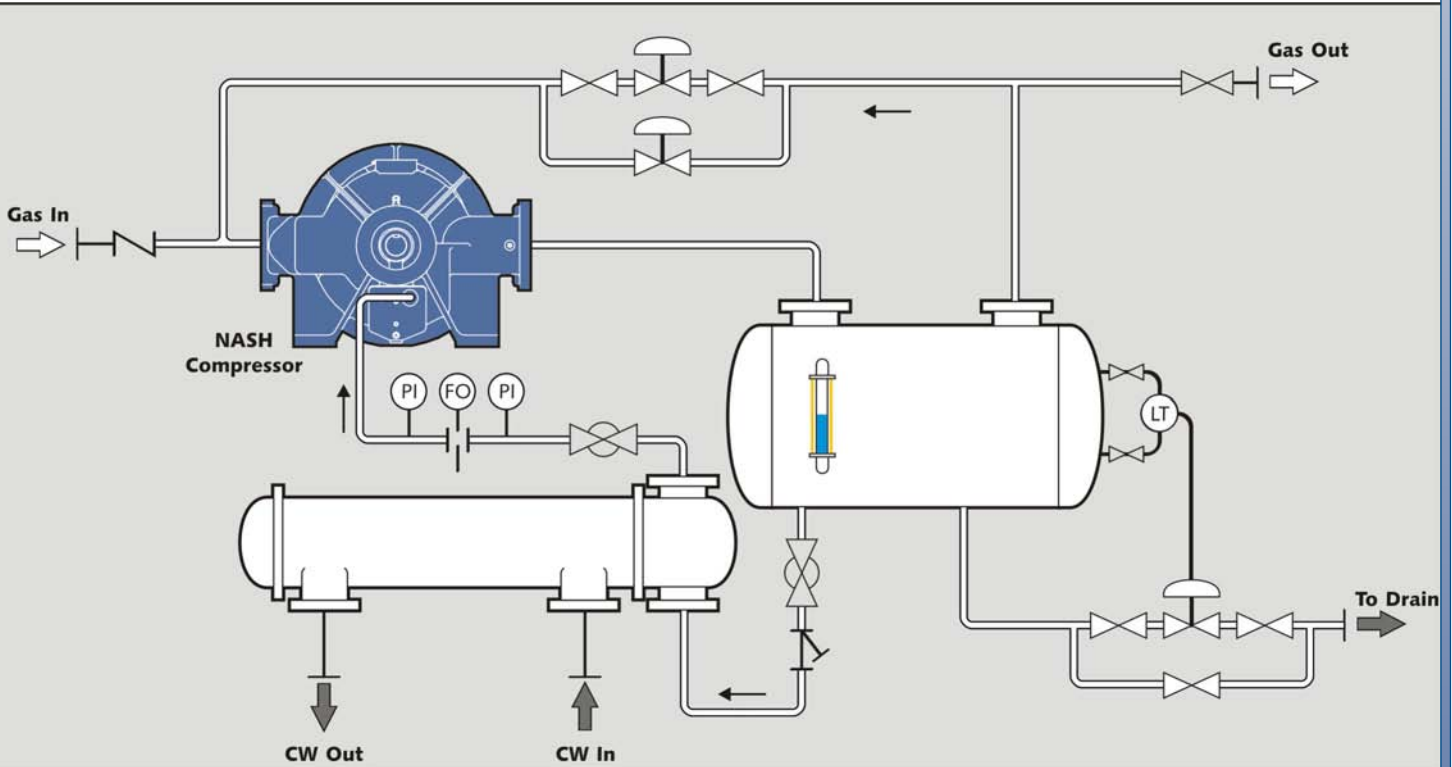

When reviewing the total life cycle cost of a flare gas compressor system, the NASH liquid ring system provides more value and better reliability than any other technology, hands down. Liquid ring compressors run cool and they clean the gas as they compress it – eliminating the need for down-stream after condensers and scrubbers. The result is a simpler, more reliable system.

Environmental Solutions - Helping You Comply With EPA and Kyoto Treaty Regulations

Gardner Denver Nash is committed to providing environmentally friendly solutions for your process needs. Gardner Denver Nash wants to be your partner in responsible stewardship of the environment and building more profitable refineries.
